

Testimonials*

Facility Managers/Designers

"Putting a moderate cost carpet over a good cushion can have a dramatic impact on acoustics and appearance retention."

*-- Case Runolfson, CFM
Facility Management Consultant*

"Carpet with cushion wears better."

*-- Charlie House, Project Manager
Engineering and Facilities,
Federal Reserve Board*

"The use of a quality underlay can prolong the life of a carpet up to 50 percent." A moderately priced carpet laid over a good pad will absorb noise while giving a more comfortable feeling beneath the feet."

-- Teri Ianni Driscoll, ASID, IIDA

"Carpet with cushion costs more up front, but saves money in the long run because you probably will not have to replace the carpet as often."

*-- Mike McGraw, Facility Manager
American Chemistry Council*

Floor Covering Professionals

"Carpet cushion can help cover up irregular subfloors and solve a lot of problems. We like to see cushion on every commercial job."

*-- Tom Jennings, President
Bud Jennings Carpet One*

"I would rather see more money put in the cushion and a little less in the carpet."

*-- Jim Lee, President
Flooring Installation of North America*

"The contract customer wants a total floor covering system value. Don't overlook the cushion."

*-- Alan Delahunty, Owner
Floor Coverings by Certified*
